Career objective

Passionate and detail-oriented Web Developer with hands-on experience in building responsive and user-friendly websites using modern technologies like React.js, Tailwind CSS, and Node.js. Eager to contribute to meaningful projects and grow as a full-stack developer in a collaborative environment.

Technical Skills

Proficient in front-end and back-end development technologies including HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Firebase, and MongoDB, with working knowledge of Express.js and Node.js for building full-stack web applications.

Technical Skills

Project Name: Library Zone

Overview: A full-stack web application to browse, borrow, and manage books with admin and user roles.

🔗 **Live Site: https://library-zone.web.app/**
🔗 **GitHub Client: https://github.com/programing-hero-b11/library-management-client-kira217-cyber**
🔗 **GitHub Server: https://github.com/programing-hero-b11/library-management-server-kira217-cyber**

Key Features:
- Browse and filter books by category or availability
- Secure login system with Firebase Authentication
- Borrow books with return date, tracked in real-time
- Admin can add, update, or delete books using dashboard

Project Name: HobbyHub

Overview: A hobby-based social platform to find and join local interest groups.

🔗 **Live Site: https://assignment-ten-e8281.web.app/**
🔗 **GitHub Client: https://github.com/programing-hero-b11/hobbyhub-client-kira217-cyber**
🔗 **GitHub Server: https://github.com/programing-hero-b11/hobbyhub-server-kira217-cyber.git**

Key Features:
- Group creation and join requests
- Category-wise group filtering
- Dark/light theme toggle
- Firebase Authentication and MongoDB integration
